BOYES HOT SPRINGS, AGUA CALIENTE AND FETTERS CROWDED

Twelve Hundred Paid Admission At
Boyes Springs Theatre Opening
Night; Hotels Filled to Capacity.

Sonoma Valley and its many attractive resorts and amusement places did a record business over the Decoration Day week end. The automobile traffic, the heaviest since the completion of the state highway, began to roll in Friday night and ferries were congested until long after midnight. Despite the weather, which was showery, reservations kept coming in to the various resorts and hotels to overflowing.

The opening of the palatial new bath house and theatre at Boyes was a gala occasion, many old timers and former residents returning to Boyes Springs to celebrate the big event. In addition were crowds of strangers from San Francisco and nearby cities, attracted by the big program of events. Many brought their suit cases and bags and asked for hotel accommodations at the bath house, believing that the Boyes hotel had also been rebuilt. They were promptly referred to the many nearby hotel and resorts where they were accommodated.

Notwithstanding the rush to complete the Boyes theatre and bath house on schedule time, everything was in excellent shape, the big tank ready for the bathers, the concessions and refreshments catering to all who came their way, and the theatre most attractive. With the exception of the handsome new drapes, the theatre was complete. Twelve hundred paid admissions was the opening night record. Walter Krausgrill's orchestra registered a big hit.

The coffee shop and ice cream parlor, with their handsome and up to date equipment, were liberally patronized. Messrs. Partridge and Lichtenberg were more than pleased with the success of their opening and were kept busy receiving the congratulations of friends and well wishers.

Fetters Springs entertained one of the largest crowds in its history. The hotel and cottages were filled to capacity.

Summer Here? Sure! Harry Prince Arrives

Those who had any doubts about the good old summer time arriving were convinced that Sonoma Valley was due for seasonable weather when Harry Prince arrived from Tijuana this week. When the swallow homeward flies has nothing on Harry. He winters at Tijuana, in Mexico and summers in the Valley of the Moon. Prince is the sweet singer of ballads such as "That Old Irish Mother of Mine," "Moonlight and Roses," and all the rest. On his professional card he indicates the fact that he spends the summer season at "Boyes Springs, in the Valley of the Moon, Sonoma county."

HIGHER PRICES ON GRAPES FORESEEN

Setting of the opening prices on 1925 crop juice grapes will be postponed for not less than two weeks if the directors of the California Grape Growers' Exchange heed resolutions adopted Monday by meetings of the growers in Santa Rosa and Geyserville. The Santa Rosa meeting requested the directors to put the minimum price of \$5 a ton over that of last year, to classify all coloring grapes as No. 1, and to postpone the naming of prices for two weeks; the Geyserville growers asked that prices be named July 1st, and recommended that the scale be \$5 a ton lower than the 1924 prices.

Opening prices last year ranged from \$50 a ton on No. 1 Zinfandels and other black juice grapes to \$90 a ton for high coloring grapes, such as Alicante and Petit Bouschet.

The grape crop in northern Sonoma county will be about 65 per cent normal, it was indicated by reports of growers at the Geyserville meeting, attended by 55 exchange members. The vineyardists, however, say that it is yet impossible to estimate production, due to weather conditions, and for that reason asked that no price-setting action be taken at the directors' meeting which was held in San Francisco Thursday.

The crop in the Santa Rosa district is probably a little better than in the northern part of the county according to E. G. Smith of Geyserville, director from the First District of the Grape Growers' Exchange who conducted the meetings. About 40 growers attended the meeting, held in the Chamber of Commerce rooms, Santa Rosa.

In connection with the naming of prices, three differing recommendations have now been made from this section of the state. The Ukiah grape growers, meeting on Saturday of last week, recommended that the 1924 scale be unchanged for the 1925 opening.

The prevailing sentiment here is that the crop this year will be approximately 75 per cent.

The Exchange Thursday set prices of Alicante at \$85 and \$75 per ton; while Zinfandel prices are \$60 and \$50 per ton.

Mr. and Mrs. Howard Munfrey of Alameda were here Decoration Day.

Pioneer Physician, Surgeon and Historian Laid To Rest Wednesday

Dr. Platon M. G. Vallejo, last son of the late General M. G. Vallejo, and formerly a distinguished physician and surgeon of the city which his father founded, passed away in San Francisco Sunday at the home of his daughter, Mrs. William McGettigan.

The doctor was born here in Sonoma, on the north side of the Plaza, in the palatial adobe home of his father, then commandant of the Presidio of Sonoma. He was the seventh child in the General Vallejo family of 16 children. A handsome boy, full of promise and ambition, he was sent at the early age of 11 years from the family home to the East, that he might have educational advantages which the pioneer West did not then offer.

General Vallejo saw to it that his young son was enrolled in the Mt. St. Mary's School of Maryland, and upon his graduation he entered Columbia University to receive his medical education. There he won highest honors out of a class of 72 students. After his graduation he returned to California and for a time was employed as physician on the Pacific Mail steamers, plying between Panama and San Francisco.

The handsome young physician was an outstanding figure of his day and his personality and courteous manner won him countless friends. On one of his trips he met Miss Lily Poole Wiley, who afterwards became his bride, the couple settling in Vallejo where four daughters were born of the union, the present Mrs. Tom Fullem of Calaveras, Mrs. McGettigan of San Francisco, Mrs. John Peters of Vallejo and Mrs. Angela Edington.

The wife and mother passed away many years ago, and it was beside her remains in the Catholic cemetery at Vallejo that all that was mortal of Dr. Platon Vallejo was laid to rest Wednesday of this week. The doctor's funeral was most impressive, a high mass at St. Vincent's church with three attending priests being celebrated for the devout pioneer who has gone to broader fields of service.

The requiem music throughout the mass was most beautiful, as were the altars with their pink roses and the floral tributes on the casket. The large edifice was thronged with old friends from all over Solano county, where deceased has been known for years for his charities, particularly when as a practicing physician he ministered to many for miles around, no matter what their circumstances.

From Sonoma his sister, Mrs. Lulu V. Emparan, his nephew, R. R. Emparan, and Dr. Thomson and daughter Celia went to attend the obsequies. The other surviving sister, Mrs. C. L. Leao, was also present. The children of deceased, including Mrs. McGettigan and family, at whose home Dr. Vallejo died, also attended and followed the remains to the family plot.

Deceased was not only a physician and surgeon of note, but was an authority on California history, and was much sought after by historians and writers. Not many years ago he completed his own "Memoirs of the Vallejo Family," which was a distinct contribution to the historical literature of California.

Despite his eighty or more years, Dr. Vallejo retained his mental faculties to the last and at holiday time wrote several beautiful letters to his sister here in Sonoma, recalling old days, family memories and ending in the most beautiful and philosophical ideas on this life and the next.

In the passing of Dr. Platon Vallejo, California has lost one of its truest representative sons and Sonoma another of its distinguished and noted pioneers.

EZRA ESTES DIES VERY SUDDENLY

Ezra Estes, son of the late Mr. and Mrs. Geo. W. Estes, pioneer Sonoma residents was stricken with heart failure while crossing the street here Thursday night and upon being taken to his home succumbed to heart failure. He had been under treatment by Dr. McGrath and had been making his home of late near his sister, Mrs. Paul Robin. Estes was born here in Sonoma 44 years ago and leaves four brothers and four sisters to mourn his untimely death.

Mary Tomlinson Wins Central Bank Cup
Miss Mary Tomlinson was awarded the handsome silver cup given by the Central Commercial and Savings Bank for the High School oratorical contest. Miss Tomlinson thus adds more laurels to her brilliant work.

The organization of the S. A. M. with headquarters at the St. Francis Hotel San Francisco, will be at Agua Caliente Springs for their first annual picnic on Sunday, June 21st.

Acquires A Rare Old Music Box

J. P. Serres, prominent Native Son and lover of antiques, is no longer enthusiastic over radios, pianos or victrolas, for he has acquired a rare old musical instrument which delights him from sun up till the shadows fall. His old friend, the late George Diebold, requested that Serres should have his old fashioned hand organ which grinds out all the old classics very sweetly, if one has the patience to crank the music box carefully. Serres agreed with Diebold that jazz had no charm compared to the organ, so it was given to one who appreciates it.

SURPRISE SHOWER FOR BRIDE-TO-BE

A lovely shower at the L. H. Green home complimentary to Miss Charlotte Newman, Grammar School teacher who is soon to become a bride, was given by Misses Alice Young and Bertha Warthorst on last Saturday evening.

The guest of honor, who thought she was going to somebody else's party, dropped in at the Green home in response to a request to call on one of the teachers and upon entering the darkened drawing room was showered with rose petals and as the electric lights were turned on received the congratulations of a bevy of young friends. A merry party was soon in progress, one of the principal features being the hemming of many dish towels, each sewer putting her own initials in the corner as a memento of the occasion. There were also games, puzzles and guessing contests which made much fun and added to the merriment.

Later in the evening a delicious repast was served at tables set "T" shape and beautifully decorated. Favors, place cards, nut cups, pink candles and other decorative ideas were used most artistically. A wonderful bride's cake contained many little souvenirs which were revealed as the cake was served. The repast consisted of fruit salad and coffee, home made banana ice cream, cakes and other dainties.

During the evening an "express" package arrived for the bride-to-be and when it was opened it proved to contain all the beautiful pre-nuptial gifts which the guests of the evening had showered upon the happy Miss Newman. The shower was a miscellaneous one and the gifts were everything from hand embroideries to bric-a-brac.

Those present were Misses Coggins, Bloom, Dowd, Warthorst, Brother, Burchard, Cooper, McConochie, F. Murphy, Young, Newman, Thomson, Wirtz, McSwigan, V. Picetti, Mrs. A. Maffei, Mrs. Frank Canevari and Mrs. L. H. Green.

Mr. and Mrs. E. Behrens and party of friends were up from San Francisco for the holiday. They were present at the opening of the new theatre and plan to rebuild at Boyes Springs very shortly. Their former home was destroyed in the fire there.

GRAND OFFICERS N. S. G. W. TO PLACE MARKERS

Pilgrimage Will Start at Santa Rosa and Culminate On Plaza Here; Music and Oratory.

A pilgrimage to historic places in Sonoma county, led by the grand officers of the Native Sons and members of Santa Rosa Parlor will wend its way into Sonoma Valley on next Sunday, June 14th, that markers may be placed to perpetuate our landmarks and that the seventy-ninth anniversary of the raising of the state flag may be appropriately honored.

It is the custom of the Native Sons of California to preserve historic traditions and to honor famous milestones in California history, so on next Sunday the Native Sons will follow the trail blazed by many famous Sonoma county pioneers, first into Chanate Valley, where two stalwart Americans sacrificed their lives in a conflict with Mexican bandits; thence to the log cabin in Mark West Springs where Fremont's soldiers are said to have made their headquarters, and then down the valley to Agua Caliente, where the ranch purchased by "Fighting Joe" Hooker will be indicated. The Hooker ranch was purchased in the early fifties by the late Franklin Watriss, who carefully preserved a number of Hooker relics, including a bed, a wagon and other belongings of the soldier who became famous in the Civil War 20 years after he left the Sonoma barracks, to which he was originally attached.

The home of General Vallejo, former commandant of Sonoma, and one of the framers of California's constitution, will also be an objective of the official visitors, who will place a marker on the portals of Lachryma Montis.

The Plaza, the Mission, the former barracks known as the Shockey building, the Blue Wing, pioneer hotel, and the Bear Flag site will be other historic spots included in the landmark ceremonial.

On the Plaza at the Bear Flag monument Sunday afternoon, at the conclusion of the pilgrimage exercises will be held, the Sonoma County.

LADIES MET WITH SERIOUS ACCIDENT

Wednesday afternoon, as Mrs. Al Weaver and daughter Alta, Mrs. Byron Weaver and Mrs. Sutherland and daughter, Lucile, were returning from Santa Rosa in the Weaver sedan, a wheel broke off the car and the machine overturned.

The ladies were violently thrown to the side of the car and were badly bruised and frightened when rescued by passing motorists. Fortunately they escaped lacerations, although the glass of the sedan was broken and the car completely turned around as the wheel crumpled and the driver lost control of the car.

The Weaver family in El Verano was notified of the accident and brought a new wheel to the scene of the accident. The car was then able to proceed home under its own power.

EL VERANO NEWS

By ARCHIBALD McKIVER

Harry Prince, one of the best musicians and entertainers that ever hit Sonoma county, returned to the Valley for avacation with his bride, stopping at Parente's Inn for the past week. They had a fine time and after Harry disposes of his Tijuana interests will, in all probability, return to Sonoma Valley to make it his permanent home. Mrs. Prince, a pretty blonde, is an employee of a Los Angeles bank, a stenographer in the contract department of the banking institution.

The wedding of Miss Madeline Fredrickson and Frank Dunphy of San Francisco was solemnized at St. Peter's church, San Francisco, Wednesday, June 3rd. Father Byrne, of Sonoma, by special permission of the Archbishop, went to San Francisco to perform the ceremony. Miss Edith Crane, a former El Verano girl, was bridesmaid. The newlyweds are well known in Sonoma Valley, having spent many vacations here. After the honeymoon, which will take them into Canada, they will reside in San Francisco, where a beautifully furnished home awaits the pretty bride. Their many friends here extend congratulations. The bride is the daughter of Mr. and Mrs. George Fredrickson of San Francisco.

Mrs. J. McCrae went to San Francisco Wednesday, where she attended the Fredrickson-Dunphy wedding.

John Mohr, Sonoma movie picture magnate, ran his first picture of the season at El Verano Villa last Friday evening. A large crowd of San Francisco tourists and local residents were in attendance and enjoyed the picture. During the summer months Mr. Mohr will show the latest screen hits every Friday evening.

Charles Birdsall of San Francisco is registered at the French Cottage, and is meeting his many El Verano friends.

The El Verano base ball team went down to defeat for the second time last Sunday at the hands of the Vineburg All Stars. From the first inning the Vineburg boys had it on the El Verano ball tossers. A number of ball enthusiasts were on the field cheering both sides to victory. The game was played on the Sonoma high school diamond, and again our boys attribute their downfall to too much jazz and late hours at various Valley of the Moon jigs on Saturday evening. Manager Locarnini intends to weed out the night hawks and send a new bunch against the All Stars, to bring base ball honors to the town of El Verano. John Dowdall umpired the game, the score being 26 to 6.

Miss Marie Kellner, who was a guest of Miss Alice Fish on Barrett avenue, Sonoma Vista, returned to her home in Alameda Monday.

Mr. and Mrs. M. H. Fish and their fascinating young daughter, Beatrice, spent the holidays at their summer cottage, Tumble Inn. They returned to their city home Monday.

Visitors over the holidays at the Fish home were Mr. and Mrs. Laurence Simmons and family, and William Gordon. Mr. Gordon and Mrs. Simmons are nephew and niece of Mrs. Fish and Miss A. Terry.

George Higgins, promoter of the Mission Athletic Club, San Francisco, spent Sunday at the Fleming home. The big event in California fight circles is the fight tonight (Saturday) at the Mission Athletic Club, when George Godfrey, colored heavy-weight, and J. Renault, Canadian, meet for a 10 round go. The colored boy is the cleverest in the world, while the Canadian has outclassed him in two former fights. Both are contenders for Jack Dempsey's crown and the bout is creating much interest. A number of Sonoma Valley fans will attend the fight.

Captain Tullett, proprietor of the El Verano Villa, was transacting business in San Francisco Tuesday.

Miss Louise Clark, county superintendent of schools, has been invited by Roy Cloud, president of the bay section, California Teachers' Association, to act as chairman of the Elementary Section of the association's institution. The position would place

Miss Clark in complete charge of the Elementary Section program for the annual teachers' institute, including the arranging for meetings for the 6000 teachers of this division.

John Clementi, former El Veranoite, now of San Francisco, was renewing acquaintances here over Decoration Day.

Mr. and Mrs. Ed Dowdall, accompanied by a party of friends, spent several days with El Verano and Santa Rosa relatives.

Gus Merz and sister were end of the week visitors in Oakland.

Spencer Merz, of the Central Commercial and Savings Bank, Sonoma, was an S. P. passenger for Oakland last Saturday morning.

Mrs. Nolan and family of Sonoma spent the week end with Crockett friends.

George Martin of El Verano was a visitor in Oakland last Friday.

Arthur West, with Haas Brothers, San Francisco, was the guest of his parents Sunday.

Sam Mannack, formerly of El Verano, but now a progressive San Francisco business man, accompanied by his wife and baby, were registered at El Verano Villa over the last week end.

One of the largest crowd of tourists, breaking the record of all former years, took the Valley of the Moon by storm over the week end, and although the weather was inclement, rain falling Saturday evening, all hotels were crowded. The Boyes Springs baths and theatre was the Mecca of hundreds and the visitors enjoyed the dancing and various amusements. Many plan to return and spend their vacations in the valley.

Eddie Healey, politician and all around entertainer, of San Francisco,

was greeting his many friends in Sonoma Valley over the week end. George Gale and Bill Dowdall of San Francisco were visiting relatives here over the week end.

E. Gull of San Francisco enjoyed the week end holidays at El Verano, registered at Our Resort.

Miss Lillian Parente of San Francisco spent Saturday at Verano. She was accompanied by several of her girl friends.

There were no auto accidents, despite the large number of autos in the Valley of the Moon over Decoration Day. One continual line of autos

kept the old highway hot, coming and going, while auto busses and extra trains on the N. W. P. brought many visitors to the valley.

Mrs. A. E. Byrne and son of San Francisco are spending several weeks at their Sonoma Vista home.

Mr. and Mrs. Frank Bayoul were guests at the Helvetia Hotel over Sunday. They reside in San Francisco.

Miss Ruth Hinckley, supervisor of music, has resigned her position at the Petaluma school to wed William Caulfield, wealthy stockman of that Day. (Continued on Page Three)

Un-superstitious pedestrians often do this

—Proving that a post can divide two people without splitting their friendship. In the same way experienced motorists have proved to their complete satisfaction that Zerolene, a western oil, will lubricate the modern automobile engine as well or a little better than any oil they can buy, although it costs less than eastern lubricants.

The anti-western oil superstition succumbs to experience

Zerolene is successfully lubricating more cars in the Pacific Coast states than any other oil made—low and high priced cars alike. The most advanced refining process is this Company's patented high-vacuum process, during the use of which Zerolene is submitted to 15 positive checks for quality. Zerolene's special filtration through 40 tons of Florida Fuller's Earth gives you an oil of absolute purity—a better oil even if it does cost less!

Less carbon—better fuel mileage

Zerolene will increase the power and gasoline mileage of your car, reduce carbon accumulation in the cylinders and lengthen the working life of the engine.

Why pay tribute to a superstition? Insist on Zerolene—ask for it by name.

THE PROHIBITION SITUATION

Even the dries doubt if prohibition is a success, and admit that it will not be "until the law wins the favor of public opinion."

When will that be?

The answer is simple—when the government finds agents sufficiently honest to honestly enforce this law; when the use, not the abuse, of liquor, is a proven crime; when other laws are enforced with equal vigor; when the government appropriates similar big sums to apprehend thieves, gunmen, crooks and paroled criminals to end the carnival of crime; when the people of every community elect men who will prosecute buyers and sellers of liquor with unremitting vigor; when moonshine and contraband cannot be made with ease; when the young generation finds no sport in the forbidden flash; when there is no longer money in the bootleg game for former useful citizens and good mechanics who have turned from honest pursuits to the lawless game created by prohibition.

In short, public opinion will register its approval when prohibition has proven good for the greatest number and when the dries can show that its by-products are not worse than the evil it would cure. Drunkenness is an admitted evil, but the evils engendered by prohibition are far worse and drunkenness has not ceased, but been increased. The fight is on, not over, as the official California dry paper admits, and it should further admit that it would promptly end if

vast sums of money were not forthcoming to continue the fiasco. The moral forces of the nation may continue in all good faith to bolster prohibition, but an unjust, unmoral, unnatural law must sooner or later die a natural death or be naturalized.

THE GASOLINE TAX BLOWS UP

The Governor has vetoed the gas tax which, despite great campaigning, failed to appeal to his Excellency. We believe that Richardson made a thorough study of the measure and in addition to keeping his pledge to the people that he would not stand for more taxation, has put in the discard a law which was wrong in principle. As an act of expediency the gas bill might have done the people of California great service, although defective even as such. At the present time with one gas tax already in effect and collectable it would have been folly to hang on more taxes on gasoline to build roads, many of which would improve property for those whose use of gasoline is confined to taking a spot out of last year's coat.

Why the motorist alone should build roads while many others reap the benefit is a question not easily explainable.

Why gasoline should be the only commodity taxed is, at least, open to question.

This method of raising millions, its control and disbursement, was a matter to which Governor Richardson gave careful thought. We believe that most people of California are

glad to have a careful, conservative official like the Governor sift such matters for them and will be satisfied with his conclusions.

GOOD ROADS INTO FAMOUS PLACES

A number of tourists and visitors going through Sonoma over the last week end, with its great traffic this way, inquired the road to the Jack London ranch. The interest in that part of the valley which Jack London made famous will be more apparent each day and it is only right that the County provide good roads to this much sought after locality. The greatest tribute Sonoma County can pay the late author who paid Sonoma County so splendid a tribute in his literary works is to build good roads to the place he has immortalized. The County roads in the vicinity of Glen Ellen and the London ranch should be well kept up and improved with that fact in mind.

Let us build good roads to famous places that we may attract those who are interested in such. Visitors to the London ranch may travel the State highway from San Francisco to Warfield, but must there go over County road into Glen Ellen, and this should be a fine, smooth stretch for its distance is not great and it can easily be maintained when once in good condition. The Bennett Valley road and the road between Madrone and Glen Ellen should also have careful attention. The dangerous wash-outs should be repaired before accidents occur, and other improvements made.

GIVE HISTORIC PICTURES TO NATIVE SONS' PARLOR

Historic photographs and pictures of the old Sonoma Mission and various other places of interest in the Sonoma Valley and this county were presented to the Glen Ellen Parlor of Native Sons.

Robert P. Hill, well known resident of the Glen Ellen district, made the presentation of the pictures. One was a photograph of the Old Adobe near Petaluma, and another of the lowering of the Bear Flag at Sonoma Plaza on July 19, 1846. The other pictures are of the three survivors of the Bear Flag party, Henry Besson, Benjamin Dewell and Henry Porterfield. These pictures were taken on June 17, 1896.

KU KLUX INITIATION NEAR THE OLD ADOBE

Saturday evening the fiery cross erected on a hill just across the road from the old Vallejo Adobe between here and Petaluma shone through the mists of the night and its rays were seen from elevated portions of the valley and the sight impressed all who noticed it.

There was an outdoor initiation of the Ku Klux Klan and despite the weather the Klansmen and Klanswomen came from all parts of the district, including Santa Rosa, Napa, Healdsburg and Vallejo and were witnesses to the initiation of a large class of candidates. While the class was a large one, it is stated that many more were expected but were prevented from being present by the rain. Prominent members of the organization from abroad were present and the arrangements were quietly made and no publicity was given the fact that the ceremonial was to be held so only the members and a number of invited guests were present.

The several score Klansmen in their white regalia made a weird and impressive picture in the night which will not soon be forgotten by those present. The candidates came from every city in the district. Following the completion of the ceremonies the large throng quietly left the scene for their homes.—Petaluma Argus.

CONTRIBUTES POEM TO CHILD'S MAGAZINE

The June issue of "A Child's Garden," an attractive child's magazine which is published in San Francisco, contains on the frontispiece a short poem, "The Sweetest Flower," by Nell Griffith Welson of Kenwood. It is beautifully illustrated, which adds much to its attractiveness.

Mrs. Wilson has contributed several other poems previously to "A Child's Garden," as well as to other publications.

The poem is as follows:

The Sweetest Flower
Little hands that touch our heart strings

In a melody of love,
Little eyes of dancing shadows,
Blue as summer skies above.
Little voice with all the music
Of a nestled vine at dawn,
Little restless feet that ramble
Over garden spot and lawn—
Little child of dreams come true,
Sweetest flower of God's garden—
You.

BOY DROWNED IN

THE RUSSIAN RIVER

A 19 year old youth named Myron Jacobsen of San Francisco was drowned on last Saturday while trying to swim the turbulent Russian River, this being the second drowning in the river thus far this season and occurring on the day of the opening of the numerous summer resorts, had a depressing effect on many people. The accident occurred near Monte Rio at 9 o'clock Saturday morning. Search for the body was continued all day and all night Saturday and was recovered at 6 o'clock Sunday night by divers where he went down.

Mr. and Mrs. E. Carlson and their daughter, accompanied by their niece, Alice Pierson of El Verano, enjoyed a trip to Oakland over the week end, attending while there a birthday party given in honor of one of Mrs. Carlson's nieces on her eighteenth birthday anniversary.

Mrs. Charlet, formerly of El Verano, now residing in San Francisco, was up for the opening of Boyes and was a guest at Schaeffer's Resort.

RECOARD CROWDS

(Continued from Page One)

capacity and it is estimated that 475 people were fed Saturday and Sunday. Three chefs and 14 waiters catered to the guests.

George Fetters has expended over \$6000 on improvements at his attractive Springs resort this season and the new hot well developed on the property, new dressing rooms at the bath house and other improvements greatly facilitated in handling the crowds and in pleasing all who came for recreation. The \$750 radio which is a feature at Fetters this year enlivened things everywhere, from the hotel to the bath house, where music and entertainment from all the big stations was amplified.

At Agua Caliente a special program of free events had been arranged to entertain the holiday crowd which filled Tom Corcoran's hotel to overflowing. The swimming tank, with its special features, including exhibition and races by Oakland champions was the mecca of many sports lovers, while the Marathon enlisted much interest. The Poppy Bowl was crowded with dancers and came in for much praise. Mr. Corcoran now has a hair dressing department at the Springs, a branch of the Don Lux, of San Francisco. (This proved a great convenience to the lady guests.)

Parente's Inn and Coney Island had their share of the big crowds and provided splendid accommodations and entertainment. Louis Parente has one of the most up to date and beautifully furnished hotels north of San Francisco.

All the smaller resorts were well patronized and did their share in making the week end in Sonoma Valley pleasant for all who came to the Valley of the Moon for their outings.

MRS. SHEPARD SEEKS LEGION ORPHANAGE

Mrs. Eliza Shepard, sister of the late Jack London, hopes that the American Legion will be able to secure the former home for delinquent women in Sonoma Valley as an orphanage for the American Legion. She was a visitor in Santa Rosa the first of the week and she is bending her efforts in that direction. She is past president of the state department of the American Legion Auxiliary.—The Santa Rosa Republican.

GOLDS ERECTING A NEW CAMP GROUND

A. Gold, contractor, of San Francisco, is getting ready plans for the erection of an auto camp grounds at the Springs, to facilitate handling of the auto traffic during the coming summer. The new camp grounds will be built next to Gold's Garden.

NEW STAR COUPSTER

The Star coupster, a new type of automobile that is certain because of its utilitarian features to win instant approval from car buyers, is announced by the Durant Motor Company of California and has been placed on display by G. Locarnini, local Star car dealer.

The new Star coupster fills a definite motoring need. It is at once and open and enclosed roadster and a coupe, at the will of its owner. Built on the same chassis made famous by standard equipment of four wheel brakes and the million dollar motor, the greatest single feature of the new model is the body, which is built by Hayes-Hunt, internationally famous coach workers.

It is finished in blue lacquer, has a grained leather top and is upholstered in Spanish gray leather. Natural finish wood wheels, and balloon tires set off the new car admirably. Fenders and running gear are black.

Gold's Garden has two musicians. Morris Gold, cornetist, and Samuel Gold, violinist, and with the aid of G. Nimfer, accordionist, will have a nice jazz band this summer. Week end guests at Gold's Gardens were Mr. and Mrs. J. C. Aladkis, of San Francisco. Mr. Aladkis, believes the Sonoma Valley climatic conditions very helpful.

WEDDING BELLS IN THE VALLEY OF THE MOON

Miss Gladys Millard of Napa and Louis Frederickson of a well known Oakland family were married at the home of the bride's sister, Mrs. Arthur Coops, last Saturday evening at 6 o'clock. The home was prettily decorated for the occasion and before an improvised altar of woodwardia fern and flowers, the ceremony was performed by Rev. Isaac Cookman of the Sonoma Congregational church. The bride, wearing a modish ensemble costume of navy blue and henna, with henna hat to match, was attended by her sister as matron of honor. G. Rickenbacher, brother-in-law of the groom, was best man.

After the ceremony at the Coops home the bridal party and friends motored to Sonoma where an elaborate wedding dinner for 24 had been prepared at the Union Hotel. The tables, set "T" shape, were beautifully decorated in carnations and sweet peas. Silver baskets held the flowers and there were place cards of miniature white wedding bells and bon bon favors containing rice. Elaborately decorated wedding and bride cakes added to the delicious menu. Mr. Rickenbacher was toastmaster, and between courses there were congratulations, speeches and repartee. The menu consisted of shrimp cocktail, bouillon in cups, fruit salad, squab, chicken, green peas, snow pudding, ice cream and coffee.

Mr. and Mrs. Frederickson left in their car for Vancouver and will go from there to Yellowstone Park for their honeymoon.

They were the recipients of many handsome wedding gifts.

GLEN ELLEN FIRE ENGINE BENEFIT DANCE TONIGHT

Our enterprising little neighboring city, Glen Ellen, who believes that it is time to bank on "safety first," is buying a new fire engine and tonight a benefit dance will be given to help the fund. Attend the dance at the Jack London memorial library and aid this worthy cause.

IMPROVEMENTS AT THE SONOMA MISSION

The state architect has designed a fine old replica of the lighting used in the Sonoma Mission in the days of the padres and while the new lights will be electric, they are in candle effect and are now being placed in the chapel.

Over 400 visitors registered at the Mission last Sunday, so Caretaker A. Borie announces, after looking over the register.

N. S. G. W. PLACE NEW FOUNTAIN IN PLAZA

Sonoma Parlor, N. S. G. W., is completing the erection of a new rustic stone drinking fountain on the Plaza in the vicinity of the Bear Flag monument. The red rock of which the fountain has been constructed, is native to our hills and most appropriate. The improvement adds to the appearance of the green lawn park which has been laid out by the Native Sons as an appropriate setting for the Bear Flag monument.

ELDRIDGE BOYS ARE CAPTURED

Albert Salla and Warren Egot, 16 and 17 year old youths, escapes from the Sonoma State Home, Eldridge, were arrested in Sebastopol Wednesday evening by Marshal Harrington, following a charge sworn to by E. Carrillo of Graton, that they had stolen his auto. The youths admitted taking the car and also confessed to the taking of two other machines the same day, which they ran until the gas gave out in each.—Sebastopol Times.

CARD OF THANKS

I wish to thank the firemen of Boyes Springs and Fetters for their prompt and effective response during the recent fire at Wake Robin Lodge, Glen Ellen, and assure them of my greatest appreciation.

PELLIGRINI WINS HIS CASE ON APPEAL

L. Pelligrini who appealed the case decided against him last August when Judge Small gave judgment to L. Pieretta for alleged wages coming to him from Pelligrini in a chicken ranch deal, won his appeal Thursday in the superior court. The higher court decided that the deal was a partnership matter and held that a \$218.60 receipt for services and money advanced given by Pieretta to his partner proved Pelligrini in the right. Pieretta gets nothing as a result of the appeal. W. F. Cowan represented the young ex-soldier who has a chicken farm project here and was a vocational student when he and Pieretta embarked in the chicken business.

PINELLI BRINGS SUIT

Charging that Antonio Caccia, thru fraud and by taking advantages of the infirmities of his invalid brother, now dead, had taken title in his own name to property he purchased ostensibly for his brother, August Pinelli, as executor of the will of the late Paolo Caccia, and Ida Caccia Pinelli, sole beneficiary under the will, Thursday filed suit in the superior court against Antonio Caccia and his nephew, Serafino Masoni. The plaintiffs seek an order directing that the land in question be given to the estate.

TROUT FISHERMEN REPORT GOOD LUCK

Charley Lane, of Santa Rosa, and his old coach, Bill Fowler, dean of trout fishermen in Sonoma Valley, were talking over their luck in Glen Ellen the other day. Charley had a nice fish basket of trout which Bill was giving the "once over."

Messrs. Baccaglio and Franquelin, of the Mercantile Trust Company, joined a party of friends on a fishing trip to Boonville over the week end. They each caught the limit of trout, but were forced out of the rough country by the rain.

SMALL CITIES BENEFIT BY NEW HIGHWAY BILL

Relative to Assembly Bill No. 589, W. F. Mixon, secretary of the California Highway Commission, has made the following statement:

"Assembly Bill No. 589, introduced by Assemblyman Melville of Fort Bragg, which has been signed by Governor Richardson, is a bill having the sanction of the Highway Commission.

"The most important provision of the bill is one which directs the State Highway Commission to maintain all traversable roads, which have come into the system by either legislative act or the various bond issues, a provision which means a very great deal in the immediate future of travel conditions. This provision in the new law insures reasonable care, maintenance and improvement of this mileage of highways, much of which is in more or less remote sections of the state. The trained maintenance forces of the commission may now give some measure of relief to those communities that have waited patiently since the first bond issue of 1909 for some sort of service. The maintenance and gradual improvement of these roads will, in the course of a few years, provide the communities in a splendid way until ultimate or final construction can be undertaken.

"The bill also provides that the Highway Commission shall take over one street in towns of not more than 2500 population as a part of the highway system, where the street is a connecting link of the system. This provision it has been found, is necessary for the comfort and convenience of the traveling public. There are many small communities in the state where because of lack of means, street improvement has lagged. It is a common occurrence in California to drive from a good state highway into the incorporated limits of the smaller towns onto a poorly constructed and poorly maintained street. This provision of the bill authorizes the commission to construct through such localities to a width equal to the state highway entering these places.

"Another important provision of the bill is that which authorizes the Highway Commission to acquire or obtain rights of way and to alter or revise the present alignment of highways when the best interest of the traveling public demand. This is a provision of the utmost importance when a completed highway system is contemplated.

"Another provision of the new law authorizes the Highway Commission under certain conditions, to release to municipalities portions of the state highway system which have in reality become city streets by reason of the extension of incorporated area.

"The bill also provides that the Highway Commission shall have authority to acquire by donation, dedication, lease or purchase, including right of condemnation, lands adjoining or near the highways and within 300 feet on each side of the center line of state highways for parks or trees. This provision of the law will permit the Highway Commission to add to the beauty of a highway route when thought advisable and as funds will permit. The commission is also authorized to acquire lands to perfect or increase the visibility where obstructed views tend to interfere with the safety of travelers."

Mr. and Mrs. Horn of the Lehrke tract had a big San Francisco housewarming party over the holidays, and they all helped with the haying and building in progress on the place.

Neighborhood NEWS

Mr. and Mrs. Fred Hansen returned Monday evening from a pleasant week end motor trip to San Jose and San Francisco, where they visited friends, among them Benig Mr. and Mrs. John Norby, formerly of Boyes Springs.

Mrs. Martha Cowgill has contractors busy at her home enlarging the house, building screen porches and making other attractive improvements about the place.

E. J. Harris of Napa, formerly a local realty man, is now in the grocery line in our neighboring city.

Mrs. Nolan and little sons of Spain street visited Mr. Nolan Sunday at Crockett. He is employed on the new Carquinez bridge work and his family make their home in Sonoma where Mr. Nolan was formerly with the telephone company.

James Maffei of San Francisco visited his mother and brothers here over the holiday. Mrs. Maffei did not accompany her husband as she is recently convalescent from the flu.

Bryan Smalley, Jr., and Mr. and Mrs. Monson and family of Santa Rosa spent Sunday in the Valley of the Moon. Smalley, recently of Seattle, is a cousin of W. L. Murphy, and may locate in Santa Rosa where his friend, Monson, is new advertising manager of the Republican.

Dr. Elizabeth Davis of San Francisco was here for Decoration Day. Miss Davis' father was a pioneer physician of Sonoma.

Andrew Cuneo, of the San Francisco mint, was up at his Boyes Springs bungalow over the week end for the big doings at the Springs. Andrew, as usual, looked like ready money.

S. Bosserman and M. Fish of Alameda, property owners at Sonoma Vista, were in the valley for the week end and favored this office with a pleasant call. The well known contractors say building is brisk in the Encinal City, but there is no place like Sonoma Valley when it comes to climate. Mr. Bosserman's son, Harold, now a well known young insurance man of San Francisco, drove the family car up for the folks to take in the opening of the Boyes theatre and baths.

Mrs. Philip Bill, Sr., and family motored to Santa Rosa this week to see Mrs. Chambers, nee Stella Bill, who was operated upon recently. Mrs. Chambers will come to the home of her mother to convalesce.

Rev. I. Cookma was a visitor in San Francisco Monday.

Mrs. O'Donnell of Glen Ellen motored to San Francisco Monday.

Miss Beth Lane spent the Decoration Day week end in Berkeley, where she was a guest of college friends.

Miss Janet Cooper has been at the sanitarium at St. Helena for a few days visiting her sister, Mrs. McDonald, who is ill there, although last reports state that she is improving.

Miss Ruth McDonald was a week end visitor at the Janet Cooper home.

Mrs. R. J. Snyder spent several days this week in San Francisco. A regular Alaskan reunion was held at the Erasmus home over Decoration Day when Mrs. Erasmus had as visitors Major and Mrs. Cuffe of San Rafael, Captain and Mrs. Henderson of Sacramento. Other visitors were Mr. and Mrs. John White of Oakland and Miss Adele McCloskey of San Francisco.

Bert Stroup, who has been employed at the Sonoma Valley Hatchery this season, and made a large number of friends while here, is leaving Sonoma this week, and will return again next year at chick time.

Oscar Newlin, government, light-house keeper at Bay Point, Suisun bay, was in Sonoma Valley last Sunday visiting Mr. and Mrs. Behler of the Lehrke tract. This was his first experience on a farm.

Norman Frazier and a party of his college friends from Berkeley enjoyed the holiday week end at the Frazier Resort above Glen Ellen. Young Frazier, a musician, is a popular member of several U. C. musical organizations. The Frazier Resort has recently been improved with an open-air dance platform and other recreational features.

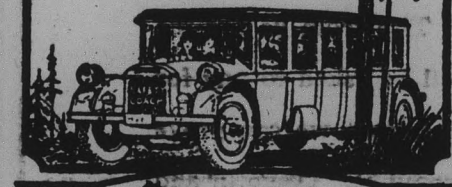

Mr. and Mrs. Dan Stewart have about completed their new home on the former Ramelli place, and it is quite an improvement to that part of Sonoma Valley.

DODGE BROTHERS SET A NEW RECORD

Dodge Brothers have been establishing new high records continuously for several months, as compared with similar periods over previous years, but the record of the week is the best in the company's history.

With retail deliveries aggregating more than 7000, an average of more than 1300 each production day, the best previous week was surpassed by several hundred cars. Now retail orders exceeded the corresponding 1924 week by 1000, or approximately 19.7 per cent.

Although Dodge Brothers motor cars are now being built at the rate of 1100 a day, both deliveries and new orders are some 200 a day in excess of production.

"Had dealers' stocks permitted, the number of deliveries for the record week would have been even greater," said John A. Nichols, Jr., vice president, in charge of sales. "It is not a spurt, but a steady, healthful climb."

Miss Anna Noyes of U. C. is home for the summer vacation and played in the high school orchestra for the May Exhibits program.

COMMUNITY PARTY AT TULE VISTA SCHOOL

There was a community party at the Tule Vista school house May 30. An entertainment was given during the evening and featured some very pretty dancing by Stella Hewitt and Lily Thorn. Some good songs were sung by other people living within the district of Dale. The committee in charge was Miss Thunen, J. Thorn and Mr. Carscadden. About 60 people were present and the whole affair was a great success.

LEGION ORPHANAGE DRIVE HAS OPENED

With six days to go before the official opening of the American Legion endowment fund drive, \$450 has already been subscribed to Santa Rosa's quota of \$2250, according to a report made Wednesday morning.

A citizens committee on the fund drive visited Boyes Springs on last Saturday and several short speeches were made by members of the committee relative to the drive which met with great response by the merry-makers at the resort.

The Legion is asking this endowment fund from its own members and the American public jointly. The Legion asks it confidently in the knowledge that it will be given, and that it will be the backbone of the most important service confronting the American people today. Each dollar accepted in this trust means a vital responsibility to the Legion, and a permanent commitment of the Legion to this service. The sum total of the absolutely necessary financial endowment is relatively small. The extent of the spiritual endowment which goes with it is unlimited.

The Santa Rosa Chamber of Commerce is assisting materially in the collecting of Santa Rosa's quota to the fund. Numerous letters are being sent out to the Santa Rosa citizens and business men by the chamber relative to the drive and asking the moral and financial support of every citizen. The drive is also sponsored by all the leading civic organizations of the city of Santa Rosa, including the Lions, Kiwanis and Rotary clubs. Members of these clubs will hold a big smoker rally at the chamber assembly room at 8 o'clock Monday night when the city will be divided into zones and the zones assigned to the various committees at work on the drive.

REDWOOD HIGHWAY STAGES SCHEDULE

Concerted demand for a full daylight ride over the Redwood Highway, between San Francisco and Eureka, with choice of either: a through stage trip in one day, or a combination afternoon-morning trip with night stop-over, has caused the inauguration of a new stage run between Ukiah and Eureka, and the introduction of complete new summer schedules between San Francisco and Eureka.

According to the statement issued from the office of Clyde Edmondson, general passenger agent for the West Coast Transit Company, these new schedules will become effective today, June 6th.

Under this arrangement, Schedule No. 2 will leave Fifth street, San Francisco northbound at 6:45 a. m. daily, arriving at Eureka at 8:20 p. m. the same day. No. 4 leaves San Francisco northbound at 2:10 p. m. daily; arrive Willits at 9 p. m. Over-night stop allowed at either Ukiah or Willits. Journey continued following morning, leaving Ukiah at 6:30 a. m. and Willits at 7:30 a. m. northbound; arrive Eureka 2:10 p. m.

These new schedules, it is pointed out, will provide more convenient, safer and more scenically comfortable transportation between all points along the Redwood Highway. Also closest possible service is offered to points reached over connecting lines, not on the Redwood Highway itself.

For example, southbound passengers will find direct through stage service, it is said, between points north of Santa Rosa and points in Sonoma and Napa valleys, and the Sacramento Valley. Northbound passengers will find better connections to Lake county, Fort Bragg, etc., as well as southbound passengers.

AGUA CALIENTE ITEMS

Dr. DeRosias and wife of Vallejo, and Mrs. Stone, matron of the Mare Island Navy Yard, were friends of Eddie Perkins who visited Caliente on Sunday to complete arrangements for a picnic of the S. B. A. of Vallejo, Napa and Santa Rosa, in August.

Mr. Munn, of the Santa Rosa Republican, has rented a cottage for his family this summer at Caliente, on account of the high water in the Russian River district, where he formerly summered.

Polly Watson, an old friend of the Perkins brothers, made a round of the resorts after making the hit of the season with his 10 piece orchestra at Parent's Saturday.

Saturday night the Los Angeles Times Newsboy Quartet entertained guests of the Poppy Bowl with some delightful music. Dal Emparan had the boys in tow.

Miss Marianne Reiser and mother of San Francisco are getting the Caliente beauty parlor in shape for the season. Miss Rose, instructor at the Don Lux Academy, San Francisco is also stopping at Caliente.

Under the capable direction of Ed Benson a number of improvements are being made at the Agua Caliente Hotel grounds, and Louis Geschwindt and Clay Hobacher are making the bath house a marvel of efficiency.

It is rumored that there will be a wedding at Caliente in the near future and considerable speculation is rife as to who the bachelor is.

MERVYN HOTEL TO BE APARTMENT HOUSE

James O'Rourke, owner of the Mervyn Hotel property at Glen Ellen will again take up his residence there and intends to convert the pioneer hotel into an apartment house. He will also make many improvements on the grounds, including an open air dance platform under the trees.

Mr. O'Rourke, popular N. W. P. railroad man, has been residing in Petaluma. He at one time conducted the Palace Hotel here in Sonoma.

It is rumored that the railroad will feature outings and excursions to Glen Ellen next summer.

MARRIED IN NAPA

Alma McLeod McMullen, Sonoma Vista, property owner, who has been here from Fort Bragg at her summer home was married by Justice Snow in Napa recently to Arthur Goranson of Mendocino county. Mr. and Mrs. F. D. Allen attended the couple and the wedding party enjoyed a wedding breakfast at a Napa grill following the ceremony.

Mr. and Mrs. Goranson will reside in Fort Bragg, where they have property interests, although they expect to visit here at intervals.

The Rebekah card party Wednesday evening was a social success and a nice crowd attended. Mrs. Charles Potter of Schellville won first prize for ladies, embroidered pillow cases; and Grover Rubke won first honors for gentlemen, a pair of cuff links. Consolation prizes went to Miss Amy Roe and Mr. Downey.
